PRODUCT INFORMATION		
Size: 78×78×143mm	Weight: 0.3kg	Power: 5W
Input: 5V/1A	Capacity: 10ml	Coverage: 10-50m³

WHAT'S INCLUDED			
Scent Diffuser (with bottle) x1	Type-C Cable x1	After-sales card x1	User Manual x1

1 INSTALLATION

Hold the device firmly with one hand. Pull the atomizer head straight up with the other hand. Unscrew the bottle, fill with dedicated fragrance oil, and reassemble all parts. Insert the Type-C cable to power on.

WARNING: After adding essential oil, the device must always be kept upright and facing upwards. It should not be inverted or tilted, as this may damage the internal components of the device.

2 BUTTONS, SOUNDS & INDICATORS

◆ **Button sound:** Button operations are accompanied by a beep.

◆ **Power Button:**

Long press for 2 seconds to enter power-on mode; one blue light stays on (default 24 hours).

◆ **Ambient Light Button:**

Short press to cycle through lighting modes:

○ White → ● Yellow → ● Blue → ○ White Breathing → ● Yellow Breathing → ● Blue Breathing → ● Off

Long press 3s to reset to factory settings: Default on power-up: Level 2 (24h), work 10s, pause 180s.

◆ **Charging Indicator:**

When Type-C power is connected, the corresponding LED indicates battery status:

● Red (steady)	Charging
● Green (steady)	Fully charged
● Red (flashing)	Low battery (below 3.3V)

Note: Please charge in time. Device will auto-shutdown when battery voltage drops below 3V.

- Short press power button to switch between 3 levels:

Mode 1	●●●● 1 blue LED	5s ON / 300s OFF
Mode 2	●●●● 2 blue LEDs	10s ON / 180s OFF
Mode 3	●●●● 3 blue LEDs	20s ON / 120s OFF

3 APP CONTROL (BLUETOOTH MODE)

After Bluetooth connection, three white level lights remain steadily lit. The device immediately switches to Bluetooth mode and operates according to the Bluetooth settings:

Scan the QR code with your phone to download and install the "Art Diffuser" APP → Run the APP → Select "Start Adding" → Go to the "Search and Connect" page, search for and connect to the device.

You can also click the "Scan" icon in the upper right corner to scan the Bluetooth QR code on the device to connect it.

Note: It is recommended to allow all APP permissions, including location services, Bluetooth connection, and sending notifications.

◆ **All devices** | Available devices within the phone's Bluetooth range are displayed in the "All Devices" group, click on any device icon to connect to that device, after successful connection, it will jump to the device details page.

◆ **My Devices** | Devices that have been connected are displayed in the "My Devices" group, devices not currently within Bluetooth range are shown in gray.

◆ **Device Status Page**

🔌 **Toggle:** The phone can turn the device's operating status on/off.

🔄 **Switch colors:** Turn off the ambient light and change its color.

🔄 **Factory Reset:** The phone can reset to factory settings with one click.

◆ **More Settings** | Click the "Settings" button in the upper right corner to access "More Settings":

① **Change device name & avatar** (this setting can only be saved locally on the phone)

② **Bluetooth password setting:** Set a password for Bluetooth device connection. Anyone connecting to the device next time will need to enter the password. If no password is required, click "No Password".

③ **Delete Device:** Disconnect the Bluetooth connection of the device and remove it from the history in the "My Devices" section.

◆ **Working Mode** | Click "Add" to create up to 5 working modes, click the switch button in the upper right corner of the mode window to turn the mode on/off, long press the mode window to select delete mode, click the mode window to customize and edit days of the week, time periods, and frequency.

① **Day Setting:** Select the desired days.

② **Time Period Setting:** Adjust the dial to select the working time period.

Note: If the time period needs to cross 00:00, it must be set as two consecutive time periods (the end time cannot be less than the start time), for example, 23:00~02:00, set as two groups: 23:00~23:59, 00:00~02:00.

③ **Frequency Setting:** Adjust the dial to select the working frequency.

Operating time range: 1~30 seconds; Pause time range: 60~500 seconds.

4

MAINTENANCE AND UPKEEP

Scent diffusers require regular cleaning and maintenance every 1-2 months when in normal use. Below is the method for cleaning.

◆ Spray nozzle cleaning

* Use 95% "alcohol + cotton swab" to gently wipe the nozzle, removing the residue of oil liquefaction

* Cleaning the atomizer core can be cleaned by soaking a cotton swab in 95% alcohol and wiping the core with it, or by soaking the atomizer core in alcohol and then allowing it to dry.

◆ Oil bottle cleaning

* Before changing oils each time, clean the oil bottle with alcohol and allow it to dry completely.

When equipment is not used for a long period, it is necessary to clean the internal nozzles and other components thoroughly.

* Add 95% industrial alcohol to the empty bottle.

* Turn on the device and run it for 10-15 minutes.

* Turn off the device, pour out the alcohol from the bottle and let it dry before reassembling the device.

* Power off storage, unplug the power supply, to prevent electrostatic damage to the circuit.

5

CONCENTRATION & CONSUMPTION

Grade	On time(s)	Pause time(s)	Consumption (g/h)
Minimum concentration	5s	300s	0.02
Medium concentration	10s	180s	0.08
Maximum concentration	20s	120s	0.21
100% Text	Continuous On	0	1.44

Note: The data is for reference only. The amount of mist produced by different oils may vary. The data above is based on the oil used in the test: Park Hyatt (density ≥ 0.95).

6

WARRANTY POLICY

◆ Replacement/Maintenance is guaranteed for one year from the date of purchase.

If you need to replace components for free within the warranty period, the device must be under normal use conditions and the failure must be due to manufacturing reasons to provide warranty. During the warranty period, component fees covered by the warranty are waived. This warranty does not include consumables such as oil. To obtain warranty service, please be sure to contact the after-sales department during the warranty period and present the original or copy of the valid warranty card and the official commercial invoice to the relevant departments.

◆ The following situations do not enjoy free warranty service:

- ① Damage & problems caused by Accidents & Fire!
- ② Not used properly and wrong operation.
- ③ Repaired by non-professionals, causing some parts damaged.
- ④ Damaged during transportation.
- ⑤ Without our warranty card.
- ⑥ Without proper cleaning for a long time.
- ⑦ The machine is overworked.
- ⑧ Machines & Parts not from us.
- ⑨ Machines not purchased from official channels.
- ⑩ Send the machines back without permit from the manufacturer.

SAFETY PRECAUTIONS FOR USE

◆ Safe use

① After loading the essential oil, the device must always remain upright and facing upwards, not inverted or tilted, otherwise it may damage the internal components of the device.

② During the transportation of the equipment, it is necessary to empty the essential oils from the bottles to avoid oil leakage and damage to the equipment.

③ This device cannot be used for air humidification and cannot be filled with water;

④ Please place it in a location inaccessible to children and pets.

⑤ Store in a dry and cool place, do not use this device in high temperature or humid environments.

◆ Forbidden

① Do not cover the equipment in use.

② Prohibit the use of overloaded power outlets, power cords, or damaged power plugs, as this may damage equipment or even cause fires.

③ Essential oils should not be ingested and should be kept away from contact with the eyes. In case of eye contact, rinse thoroughly with plenty of water; if there is a strong sensation, seek medical attention immediately.

④ Please do not disassemble the equipment. If any abnormalities are found in the product, please contact us promptly.
